Booster Club General Account: \$16,895.29

### Committee Reports

Basketball concessions—all monies raised at boys and girls basketball games will be combined into one line item

### Membership/Team Parents

Most winter sports had a Booster Club representative at their meeting. Hope to have a brochure with some of the Booster Club highlights to give out for spring info team meetings.

### Fundraising

Cavalier Crunch is our current fundraiser. Have sold our first shipment of cereal. Lisa has held off placing another order until we have a game plan in place.

Some places to sell: Wrestling tournament, all home sports games, Harvest Market, Transfer Station, Volleyball Senior All Stars Game, Lego Tournaments.

Letter also to go out to all teams reminding them of what Booster Club has purchased for various sports recently, and that it serves all to support the current fundraiser.

We are going to come up with a new plan to re-energize the program and start selling again. Lisa Schmalz will head up this fundraiser but the entire Booster Club needs to support the effort.

#### Finance committee

Directors insurance needs to be purchased.

#### Other

Kelly St. Hilliare came to speak with Booster Club regarding rowing. There are a group of individuals who have been rowing, and the intent is to form a high school crew team. Kelly came as a representative of the crew organization and wanted to learn more about Booster Club, and how we might help this new endeavor. We will get back to the crew team regarding what support we can offer.

8:20 pm Wayne Flanagan made a motion to end the meeting. Debi Davis seconded. All present were in favor.

Respectfully Submitted,

Iris McLaughlin
