Motion to Approve Minutes by Mike, Second Steve. Unanimous

Social Media report from Daragh...checking on accounts to be sure they are legitimate...but many positive responses and the posts on FB and Instagram are going well. Daragh is checking with coaches prior to posting and has permission to share general posts from the school

Treasurer's Reports:

Mike: Not a lot of activity

Some funds have gone out for basketball, still need to deposit wrestling check and deposit spirit wear check. Just under 84k in all accounts, 15k in turf field \$25, 800 in general, and approx. 1500 in ski swap.

Should we renew the warranty on the Dell laptop...we can get an early action discount for a 3 year warranty.

Motion to approve the purchase of the 3 year warranty...by Holly, second by Mike C. Unanimous approval

Mike C on Venmo, new business service to accept Venmo direct from consumers but the take 15cents per transaction and 1.9%. using the Paypal model. It would be challenging to sell concessions and accept Venmo....as it has to go into the team account. Possibly use a burner phone for this...but keeping Venmo on Hold right now. It would be great to have Venmo for Ski swap, spirit wear etc, but we would need to keep concessions as cash only due to the nature of making sure team fundraising goes to team accounts.

Mike C to continue to research and will look into non-profit discount
