Discussion regarding admission to events...some sports have the volunteers to man the table in order to charge...some coaches encourage this (Wrestling)...but there is inconsistency. Mike to Check in with Brian. Boys basketball parents would like to charge admission:

Some questions:

What if a parent refuses to pay

Would they charge HB students? Would they turn them away?

What does the AD say?

NFHS video services...glitches with the system...last two games have not streamed.

- Mike is working with Brian on this:
Most likely due to Hardware issues in NFHS.
Could also be possibly due to WIFI issues at the High School
- Brian is seeing issue with NFHS hardware...including the NFHS computer, also could be the issue. Brian is working with the vendor.

Some parents want a refund for the games that they were not able to see...ask for NFHS refund for the subscribers as well as potentially refunds for the coaching packages that can't be fully utilized due to these streaming issues.

Middle School Support:

Discussion on how to incorporate the MS into the Booster club...

- Possible Steps: Create an account for the MS in order to accept donations
- Possible need to by-law change
- Develop a plan for incorporating the two schools into HBABC
- Benefits: Bring in more parent volunteers, connect MS to HS...connect and build community
- Jenn to meet with Allie B. and Patrick West, Principal to review and map out a plan.
